PROFESSIONAL SUMMT

Entry-level Computer Science diploma student with practical experience in Artificial Intelligence through a CodeSoft internship. Strong foundation in Python programming, basic data structures, and problem-solving. Hands-on experience in building logical, working projects. Actively seeking an entry-level software or technical role where skills can be applied and improved.

TECHNICAL SKILLS

Python programming
C programming
web technologies - html , XML etc
frontend - html , css
Software Proficiencies : Ms Excel, Ms Power Point , Ms Word

NON TECHNICAL SKILLS

Problem solving
Analytical thinking
communication skills
time management
team work

EXPERIENCE

CODSOFT INTERN (remote internship) **1 , june to 1 , july , 2025**

artificial intelligence

Developed Python-based mini projects focused on logic building and algorithm implementation
Worked on basic Artificial Intelligence concepts and problem-solving tasks
Improved understanding of real-world development workflows and task execution
Worked on basic machine learning concepts
Assisted in building small AI-based projects

PROJECTS

AI-Based Tic Tac Toe Game (Python)
Implemented Minimax algorithm to build an unbeatable AI opponent

Image search engine (team project)
.Built an image search system using Python and web technologies

.Implemented keyword-based image retrieval

.Contributed to frontend and system integration

EDUCATION

Diploma in Computer Science
Delhi Skill and Entrepreneurship University (DSEU),
Dwarka Campus | 2023-2026

BCA bachelor of computer application

CERTIFICATIONS

CodeSoft Certificate – Internship in Artificial Intelligence

LINKEDIN
